EDUCATION

- **South East-Asia Institute Of Trade & Technology, Inc**

SOUTH EAST
2022 - 2023

Science, Technology, Engineering, and Mathematics (STEM)
114 Regalado Hwy 1118 Quezon City Metro Manila

- **Institute of Creative Computer Technology (ICCT)**

ICCT COLLEGES
2023 - Present

Computer Engineering
ICCT Building, V.V. Soliven Avenue II, Brgy. San Isidro,
Cainta, Rizal, Philippines.

PROJECTS

ICCT COLLEGES
March 2026 - July 2026

EmbeddedSystems: Medicare
SYSTEM ENGINEER

- EMBEDDED SYSTEM ENGINEER
- Designed and developed embedded systems using microcontrollers and hardware components.
- Integrated sensors, actuators, and communication modules for automated system operations.
- Programmed and tested embedded systems to ensure functionality, accuracy, and reliability.
- Performed hardware troubleshooting, circuit testing, and system optimization.
- Collaborated with team members in developing and implementing technical projects.

Object Oriented Programming: ICCT CSLMS
UI/UX Lead Designer

ICCT COLLEGES
Aug 2025- Nov 2025

- Led the design of user-friendly and visually appealing interfaces for the project.
- Created wireframes, prototypes, and layouts to improve user experience.
- Ensured consistent design, usability, and accessibility across the system.
- Collaborated with team members and developers to align the interface design with project requirements.
- Evaluated and refined designs based on feedback and usability considerations.

BASIC SKILLS

- Basic Programming
- JavaScript
- UI/UX Design
- Embedded Systems
- Microsoft Office Word, Power Point, Excel
- Basic Autocad 2D, 3D, & Electrical Plan
- Have Knowledge in Trouble shooting Mechanical Machine
- Lego Robotics
- Windows Operating System Tutorial
- Speed Typing
- Adobe Photoshop
- Web Page design
- Graphics Design
- Digital Animation

CERTIFICATION

- Certificate of Recogniton TOP 5 in COEPRO6-OBJEC-ORIENTED PROGRAMING
- Certificate of Recognition Lego Educational Robotics and Computer Technical Training
